

Dear Part III student,

The timetable for the Part III Easter term pass/fail examination is now online at

[https://www.cambridgestudents.cam.ac.uk/files/online\\_assessments\\_easter\\_term\\_2020\\_final.pdf](https://www.cambridgestudents.cam.ac.uk/files/online_assessments_easter_term_2020_final.pdf).

You should also be able to view your exam timetable via the CamSIS self-service at <https://www.camsis.cam.ac.uk>.

As previously announced, while all Part III exam papers will be available for a 24-hour period for candidates to download, candidates are expected to upload their answers within 2/3 hours (plus specified administrative time) of the initial paper download for a 2/3 unit examination, respectively. Download and upload times will be monitored. Previously agreed extra-time arrangements will apply as usual.

Further details on the code of conduct and the materials allowed for the open-book examination, and specifics of the administrative arrangements, will be supplied as soon as they have been finalised.

With best wishes,  
Julia

Dr Julia Wolf  
Director of Taught Postgraduate Education  
Faculty of Mathematics
