The following courses, proposed by the Board of the Faculty of Mathematics, are non-examinable.

**Michaelmas 2023**

For Mathematics with Physics Option only:

**Numbers and Sets** (Lecture Classes) §
Prof. J. Wolf and others
W. 12, Hopkinson Lecture Theatre

**Introduction to Mechanics** §
Dr P. J. O'Donnell
Tu. Th. 12, Hopkinson Lecture Theatre (ten lectures)

**Lent 2024**

Mathematics with Physics Option
An introductory session for IA Physics students will be held at 11.00 am on Wednesday 6 October 2023 in the Pippard Lecture Theatre, Cavendish Laboratory.

Students taking this option should attend Vectors and Matrices, Groups, Differential Equations, Analysis I, Vector Calculus and Probability from Part IA of the Mathematical Tripos, together with the lectures listed at [http://www.timetable.cam.ac.uk/](http://www.timetable.cam.ac.uk/) in Part IA Physics of the Natural Sciences Tripos. Students will also be required to do Physics practical work, and should attend at least the first lecture of the Scientific Computing Course.

Because of timetabling constraints, it is not possible to attend in person the Physics lectures and the lectures on Numbers and Sets and Dynamics and Relativity (but there is significant overlap between the Physics lectures and those on Dynamics and Relativity). Students should discuss with their Directors of Studies the potential benefits of attending the non-examinable lecture classes on Numbers and Sets.

**Easter 2024**

§ This lecture theatre is not equipped for lecture capture. Students following this course with a recommendation for access to recordings in their Student Support Document (SSD) should contact the Undergraduate Office for further information on support. Students who require access to recordings as a reasonable adjustment, but who do not yet have a SSD, should consult their College Tutor (see also paragraph 3 of the Faculty's Statement on the Recording of Teaching Sessions).
**MATHEMATICAL TRIPOS, PART IB**

There will be an induction session for Part IB students at 4.00 p.m. on Wednesday 4 October 2023, in the Cockcroft Lecture Theatre.

For a personalised version of the timetable, which you can import into your own electronic calendar, please see [http://www.timetable.cam.ac.uk](http://www.timetable.cam.ac.uk).
